And if somewhere down the line
I'll find I'm running out of time
I hope to God that I can say
I made the best of every day

'til then I'll carry on, 'though the road is long
I'm gonna get myself together
And I'll hold on, 'cause I am strong
I'm gonna try to make it better, baby

The rest of my life I'll take these chances
Time goes by so very fast
I'll share my fortune and my failure
'til there's nothing left
